ADVERTISER AND TRIBUNE BAN-
QUET, JUNE 11th, 1866.

This was a rare occasion. It was
the celebration of the thirtieth anniver-
sary of the paper. In addition to the
editorial staff and attaches, there was
a generous attendance on the part of
the fraternity in the State. The bill of
fare was made up of the choicest
dishes. Half a dozen such banquets
would kill an ordinary man. One in a
generation will do very well. As a
matter of curiosity to our readers, we
give the bill:

Soups.—Green Thistle Oyster.
Oysters.—Baked Oysters, Fried Oys-
ters, Raw Oysters, Spiced Oysters, Small Oys-
ter Pies, Broiled Oysters, Oysters Stewed with
Champanagne.
Cold Entrees.—Boned Turkey, with Aspic
Jelly, Sardines, Salade de Homard, Pate de
Foie Gras, Lobster en Aspic, Salade de Potel,
Largeness d'Angoumois, Aspic of Oysters.
ORNAIENTALS.—Turkey a la Anglaise,
Westhampton Ham, a la Flamant, Pyramid of
Sugar Kisses, Chicken Garnished, Tongues in
Groups, Pyramid of Macaroni, Allegorical
Centre Piece Illuminated.
BENEDICT.—Chow Chow, Mixed Pickles, Ol-
ives, French Mustard, Worcester's Sauce,
Walnut Catsup, Mushroom Catsup, London
Club Sauce.

CONFECTONERY.—Charlotte Russe, Sugar
Kisses, Madelines, Champanagne Jelly, Bun-
dles, Rose Drops, Lemon Drops, Lady Cake, Sil-
ver Cake, Fruit Cake Burgundy Jelly, Metro-
politan Cake, Lady Fingers, Peppermint Drops,
Strawberry Marangues.
FRUITS.—Paper Shell Almonds, Pine Ap-
ples, Oranges, Peaches, London Layer Raisins,
Strawberries Apples, Figs.
CREAMS.—Vanilla Ice Cream, Strawberry
Ice Cream, Roman Punch.
Coffee, Chocolate.

St. James Hall did itself credit. The
physical man being bountifully pro-
vided for, next came "The feast of rea-
son and the flow of soul." Hon. E. C.
Walker presided and made some happy
remarks. Letters were read of an
interesting character, from the early
editors and proprietors, containing man-
ny incidents and statistics well worthy
a place in the historical records of the
State. Mr. Johnstone, for many years
proprietor and editor, gave some im-
portant facts. Gov. Blair made some
noble remarks, developing the growth
and power of the Press. James F.
Conover, of the editorial staff, made
some pertinent remarks in reference to
the grand mission of the Press—its
true, independent character. One of
the wittiest sentiments was given by
Mr. Lewis, of the *Western Rural*, wear-
ing in his mouth the political staff.

THE ADVERTISER AND TRIBUNE,
JUNE 11, 1866.—May its *Scriptures* con-
tinue to enjoy a wide and ever-increas-
ing circulation; while we *Conover* its
columns, may we never read a para-
graph to make our *Backer* with rage;
may our *Baker* be prompt to his toast,
and our *Porter* sparkle fresh every
morning; and when trouble comes in
the *Stone-y Lane*, as it will to both the
young and *Elder Frye*, may there be one
to *Backus* to the last—by *George*!

The following were capital.
By F. Morley:
GEORGE DAWSON.—One of the early
editors of the *Advertiser*, who has hon-
ored the Press of all the States by his
personal connection with two of them.
May the *"Evening Journal"* of his life
record an abundant fulfillment of all
the best promises of its morning *"Ad-
vertiser."*

By E. C. Walker:
THE SOLDIER EDITOR OF THE AD-
VERTISER.—Gen. Alpheus S. Williams.
One of the Great Heroes of Sherman's
march. Michigan is proud of him.

By Lewis J. Bates:
MICHIGAN.—By the aid of the *Tri-
bune* and *Advertiser*, the birthplace of the
only successful party of Freedom—Illi-
nois had only to link on (Lincoln) to
her lead to become immortal.

We give the ninth toast appropriate-
ly acknowledging the services of the
Country Press:
THE INTERIOR PRESS OF THE STATE
—As Michigan is without a parallel in
its natural resources—its white wheat,
its forests of pine, its iron mountains,
its copper veins, its salt wells, and its
blue lakes—so in its energetic and in-
telligent State Press it knows no equal
and fears no parallel.

Music.—Michigan, my Michigan.
Responses by Mr. Hamilton of the
Monroe Commercial, Mr. Buffington of
the Port Huron Press, and Mr. Pattison
of the Ypsilanti Commercial, who gave
the following sentiment:

THE CITY AND COUNTRY PRESS—
Co-workers in the diffusion of knowl-
edge among the people, may they zeal-
ously respect each others interests, and
thus harmoniously and successfully
perform their true and exalted mission.

May the *Advertiser* and *Tribune*, sus-
taining the right, battling on as in a past
generation for the prime, grand prin-
ciples of justice, live to see many gen-
erations, ever ripening in age, and yet
ever retaining the locks of youth, and
beauty.

PRESIDENT Haven at Hewitt Hall,

Farmers.
By all means read the extract of an address
by Gov. Crapo at a Sheep Shearing Festival,
on the 1st and 4th pages.

THE BLOOD OF THE MARTYRS IS
THE SEED OF THE CHURCH.

The President is attempting to force
"my policy" upon the nation by turn-
ing out of office the men who gave
their time, money, and votes to elect
him, and putting Democrats, men who
did all they could to defeat him, in
their places. The leaders of the Rad-
icals are falling thickly beneath the
guillotine. *Go on.* So far as the ad-
vancement of the Republican cause,
the sure triumph of radicalism is con-
cerned, we trust, Mr. President, that
you will make thorough work. Every
martyr you make is worth a dozen
votes to our cause. "The blood of the
martyrs is the seed of the church."

BAD RECORD.

The Connecticut Senate adopted the
following resolution:

Resolved by the Senate and House of Rep-
resentatives in General Assembly convened,
That our Senators and Representatives in
Congress be and are hereby requested
to urge the passage of such amend-
ments to the Constitution of the United
States as will secure to the white men
of Connecticut a representation in Con-
gress equal to that accorded to the
white men of South Carolina.

And every Democratic member vot-
ed—No. Keep it before the people
that the sham Democracy are willing
that a white voter in South Carolina
should have equal power and influence
in the nation to two white voters in
Michigan. The Democratic party has
been so used to cringe and bow the
knee to the ex-slave-monger South
Carolina Aristocrats, that they don't
get over it. They keep on bowing and
scrapping. Servile men! willing to
surrender to traitors, subdued but un-
repentant, twice the political power
enjoyed by loyal men of the North.
Shame! Shame!

NOTES BY THE WAY.

BY HON. WM. H. PATTISON.

Saline, June 9th, 1866.
EDITOR COMMERCIAL.—Having been
on a flying visit during the past few
weeks, I offer, at your request, a few
notes of observation.

Leaving Detroit, I took passage with
Captain McCay, "City of Cleveland,"
enjoying a good night's rest, and arriv-
ing at Cleveland, making connection
with the C. C. & C. R. R. next morn-
ing. This road passes through the
central portion of Ohio, and probably
gives the traveler a pretty good oppor-
tunity of forming an opinion of the
state of the state generally. Between
Cleveland and Columbus the wheat is
a decided failure. I should not think
there could possibly be one-fourth an
average crop. The same may be said
of clover. The apple crop promises to
be large; of Spring crops it was too
early to judge at the time of my visit.
Returning to Cleveland and going east
by the Lake Shore Road, the growing
wheat steadily improves in appearance,
and I think, including the region be-
tween Cleveland and Buffalo, there will
be about half a crop. From personal
observation, as well as from statements
of citizens from various portions of New
York, I think present appearances in-
dicate an average crop of wheat in
that State, and the fruit prospect is very
flattering.

The season so far, in Ohio, Penn., N.
Y., and New England, has been dry
and cold, and consequently unfavor-
able for Spring crops; still, if June, Ju-
ly and August are favorable, we shall
no doubt have abundant crops.
I spent about two weeks in Vermont,
most of the time at the rather ancient
looking village of Pawlet, Rutland Co.
Here is considerable water power, for-
merly fully occupied in various manu-
factories of Wool and Cotton, &c. but
for some reason the mills have gone
down, and as a sequence the once busy
and prosperous town is now a very
quiet and innocent looking burgh.—
For my own gratification I copied ver-
batim the following inscription from a
stone in the sadly neglected cemetery:

"In memory of Mrs. Margaret Who-
ler Who died May 14th, 1776, aged 88
years. Be it remembered that this was
the first Parson Inter'd in this grave-
yard."

N. B. Her daughter Alice, from a
filial regard to her Memory, has caused
this stone to be erected.
Notwithstanding the rough, moun-
tainous country generally, which to a
western eye appears almost impracti-
cable for agricultural purposes, the peo-
ple find industry and frugality reward-
ed by competence and wealth. The
western man will notice at once their
sobriety and generally good morals in
contrast with the fast west. Here
among the mountains, an enlightened
public opinion maintains the laws for-
bidding the sale of spirituous liquors as
a beverage. I was placed under spe-
cial obligations for the generous and
unpretending hospitality of many
of the citizens, and shall recur to
this as one of the most pleasant visits
in my tour.

The next point of interest to me was
at Salem, Washington Co., N. Y.,
where I was most agreeably entertained
by Dr. Asa Fitch, New York State
Entomologist, and had the pleasure of
examining his vast collection of insect
specimens, among which are many very
curious and interesting ones. Of the
family of butterflies he has one of
great size, measuring from point to
point of its wings, eleven inches. Its
colors are drab and brown, beautiful-
ly mottled. Another equally rare spec-
imen of this family, is a smaller one
without color or coating of its wings,
they being simply transparent mem-
branes. Both the above are natives of
Brazil, S. A. The Doctor has done
the agricultural interest of the country
great service in his able investigations
and reports upon the various pernicious
insects which are constantly the cause
of so much loss and perplexity to the
agriculturalist, and I am glad to know
that his researches in this science are
highly appreciated in his own State.

Would not our own State be greatly
benefitted by placing a copy of his ef-
forts in each school library?

I here also visited the cemetery, by
invitation of the President of the Asso-
ciation, Dr. Fitch. The grounds con-
tain about forty acres, enclosed by a
neat and substantial slate rock fence
with granite posts and iron gates at
each entrance. The ground on the
south rises abruptly to the height of
about seventy feet, where upon the
summit are deposited the remains of
their brave soldiers who died in defence
of their country's honor. In the centre
is soon to be erected a monument to
their memory and their patriotism, and
one which will be an honor to the com-
prehensive liberality of the community.
The entire grounds are artistically laid
out and provided with graveled car-
riage ways and foot ways. Ever-
greens, drooping willows, with many
other varieties of forest trees and flow-
ering shrubs and flowers, add to the
beauty of the place. This cemetery,
though new, abounds in chaste and ele-
gant monuments, among which is one
of Scotch Granite, to the memory of
Wm. McKie, of exquisite design and
beauty. Gen. J. Williams, a patriot
of the Revolution, and Gens. Thomas
and Russel are also buried here. To
my mind, the distinguishing feature is
the places set apart for the burial of
the toiling poor and of strangers. The
first has upon it a neat brown freestone
monument with this inscription, "For
the poor ye have always with you."
The place appropriated to the burial of
strangers is an elevation of an ellipsis
with a broad carriage way around it,
the graves heading to the carriage
way. In the centre rises a lofty column
of brown freestone, resting on a base
of the same material. The inscription
—"I pray thee give me a burial place,
that I may bury my dead out of my
sight." Both of the above were the
noble gift of the late Wm. McKie, of
Salem. Such acts will perpetuate the
name of the donor long after those of
distinguished (or notorious) politicians
are forgotten.

GRATUITOUS ADVERTISING.
Societies, committees and individuals
are very apt to expect the public press
to work for nothing. In all such cases
there seems to be—and doubtless is
the view of the particular party is an honest
one—disposition to hug the idea that
in "this special instance" the estab-
lished rules of the office may be waived
and "a short complimentary," or some-
thing of a kindred nature, be thrown
in. We have these propositions every
day. Could the outside world but ap-
preciate the many cares, the arduous
labor the heavy expense of conducting a
public journal, they would never ask
for gratuitous advertising again. Now,
if we could effect the lease of a building,
or stock a press room with machinery,
and a paper-room with paper and inks,
and a composition-room with types, or
could we satisfy our employees with
mere thanks for their labor; or could
we prevail upon our grocer, merchant,
tailor or butcher to furnish us with
their goods gratuitously, we should
then feel no hesitancy whatever in re-
turning compliments from June to De-
cember. The application can easily
be made by all.—*Free Press.*

UNIVERSITY ALUMNI.—The Society
of Alumni of the State University will
hold their annual meeting at Ann Ar-
bor, on the 26th inst., at 3 o'clock p. m.
The subject of a memorial, building,
and other matters of vital importance
to the Society will be brought forward
at this meeting. The literary exercises
will be held at the Presbyterian Church
on the evening of the same day, and
will consist of an oration by Alexander
Martin, Esq., of the class of '55, and a
poem by Gen. Byron M. Cutcheon, of
the class of '61. The Alumni dinner
will be served after these exercises.

The greatest discovery of the age is
the new soap just come out, and known
as the J. Monroe Taylor Gold Medal
Soap; it not only saves time in wash-
ing, but does the work in a much supe-
rior manner to all other soaps before
the people. The makers claim it is
manufactured on an entirely different
principle, and that it is a great labor-
saving article, besides going much fur-
ther than any other soap. Our expe-
rience confirms all the Inventor claims
for it. Try it, and we think all will be
convinced of the fact, and will ever
have the Gold Medal or none.

NEW CLOTHS.—At the Board of
Trade, yesterday, three samples of
cloth, made by the new Ypsilanti
Woolen Mill, were exhibited. These
were specimens of the first work of the
mill, and certainly speak well for the
manufactory. They were much admir-
ed and praised by the members of the
Board who were present.—*Tribune.*

MICHIGAN CLOTH.—Some very ex-
cellent specimens of cloth, manufac-
tured at the new woolen factory at Yp-
santi, were exhibited at the Board of
Trade rooms on Thursday, and attract-
ed the very general attention of mem-
bers, and elicited much admiration and
praise. They were specimens of the
first work of the factory.—*Post.*

Soda Fountain.
At Smith & Bro., capital, capital, complete!
It makes our mouth water just to think of
their nice soda. Just step in the next warm
day, and try it. But if you are over the river,
avoid the Devil's saloons, and go to
Kingsbury, and he will give you a nice glass
of soda. Such has been our experience this
hot weather.

For these diseases it is truly a sovereign remedy,
and too much cannot be said in its praise. A single
dose has been known to relieve the most urgent
symptoms.
Are you troubled with that distressing pain in the
small of the back and through the hips? A teaspoon-
ful of the Constitution Water will relieve you like
magic.

PHYSICIANS
Have long since given up the use of bluch, canbels
and jumpers in the treatment of some of our best physicians
and only use them for the want of a better remedy.

CONSTITUTION WATER
Has proved itself equal to the task that has devolved
upon it.

DIURETICS
Irritate and drench the kidneys, and by constant use
soon lead to chronic degeneration and confirmed
disease.

We present the Constitution Water to the public
with the conviction that it has no equal in relieving
the class of diseases for which it has been found so
eminently successful for curing; and we trust that
we shall be rewarded for our efforts in placing so
valuable a remedy in a form to meet the requirements
of patient and physician.

Stroudsburg, Pa., Jan. 20, 1866.

Dear Sir:—I wish to inform you that I have been
under the treatment of some of our best physicians for
nearly two years, without receiving any benefit. I
had lost all confidence, and I indulged in but little
hope of a cure from any source. My disease was
Dropsy, and my physicians told me that there was no
cure for me. I was tapped some fifty times, and at the
different operations about 1200 pounds of water was
removed.
I am happy to inform you that I have been com-
pletely restored to health by the use of Constitution
Water.

I make this statement hoping it may reach those
persons who may be similarly afflicted.

Respectfully,
MRS. MARGILL C. LEVANTWAY

IN DYSMENORRHEA, OR PAINFUL MEN-
STRUATION, AND MENORRAGIA,
OR PROFUSE FLOWING.

Both diseases arising from a faulty secretion of the
menstrual fluid—in one case being too little and
accompanying by severe pain, and the other a too pro-
fuse secretion, which will be speedily cured by the
Constitution Water.

This disease, known as FALLING OF THE
WOMB, which is the result of a relaxation of the
ligaments of that organ, and is known by a sense of
heaviness and dragging pains in the back and sides,
and at times accompanied by sharp, lancinating or
shooting pains through the parts, will, in all cases, be
removed by the medicine.

There is another class of symptoms arising from
RELAXATION OF THE WOMB, which physicians
call Nervousness, which word covers up much igno-
rance, and in nine cases out of ten the doctor does
not really know whether the symptoms are the
disease, or the disease the symptoms. We can only
enumerate them here. I speak more particularly of
Cold Feet, Palpitation of the Heart, Impaired Mem-
ory, Wakefulness, Flashes of Heat, Languor, Lassit-
ude, and Dimness of Vision.

READ! READ! READ!!!

DANVILLE, Pa., June, 1863.—Dr. William H.
Gregg.—Dear Sir:—In February, 1861, I was afflicted
with angur diabetes, and for five months I passed
more than two gallons of water in twenty-four hours.
I was obliged to get up at night as often as ten or twelve
times during the night, and in five months I lost about
fifty pounds in weight. During the month of July,
1861, I procured two bottles of Constitution Water, and
in two days after using it I experienced relief, and
after taking two bottles I was entirely cured, and
after regaining my usual good health.

Yours truly,
J. V. L. DE WITT.

BOSTON CORNERS, N. Y., Dec. 27, 1861.—Wm. H.
Gregg & Co.—Gents:—I freely give you liberty to
make use of the following certificate of the value of
Constitution Water, which I can recommend in the
happiest manner.—My wife was attacked with pain in
the shoulders, whole length of the back, and in her
limbs, with palpitation of the heart and irritation of the
bladder. I called a physician, who attended her
about three months, when he left her worse than he
had found her. I then employed one of the best
physicians I could find, who attended her for about
nine months, and while she was under his care she did
not suffer quite as much pain. He finally gave her
up, and said "her case was incurable." For, said he,
"she has such a combination of complaints that medi-
cine given for one complaint against some other of her
difficulties." About this time she commenced the use
of Constitution Water, and to our utter astonishment,
almost the first dose seemed to have the desired effect,
and she kept on improving rapidly under its treat-
ment, and now superintends entirely her domestic af-
fairs. She has not taken any of the Constitution
Water for about four weeks, and we are happy to
say that it has produced a permanent cure.

WM. M. VAN BENSCHOTEN.

WEATHERSFIELD, Conn., March 2, 1863.—Dr. W.
H. Gregg.—Dear Sir:—Having seen your adver-
tisement of "Constitution Water," recommended for
the treatment of the Kidneys and Irritation of the
Bladder, having suffered for the past three years, and
tried the skill of a number of physicians with only
temporary relief, I was induced to try your medi-
cine. I procured one bottle of your agents at Har-
ford, Messrs. Lee, Sisson & Co., and when I had
used half of it, to my surprise, I found a great
change in my health. I have used two bottles of it,
and am now never expected to be in my life, well,
and in good spirits. I cannot express my gratitude
for it; I feel that it is all and more than you recom-
mend it to be. May the blessing of God ever attend
you in your labors of love.

Yours truly,

To the Public.
To prevent any misapprehension with re-
gard to the object of the lecture of President
Haven on Tuesday evening the 19th inst.,
the undersigned hereby announce that the
enterprise is a joint one between the pub-
lishers of the SENTINEL and COMMERCIAL,
and that the expenses and profits will be
shared equally. In their capacity as pub-
lishers, they invite their respective friends
and the public generally to extend a gener-
ous patronage, not doubting but that they
will be well repaid by the lecture for both
time and money spent.

C. WOODRUFF,
C. R. PATTERSON.

The Press, while in various ways it gives
more space, time and money to advance all
the interests of public concern, according to
its means, than any other class or profes-
sion, it very seldom asks any reciprocal fa-
vors. The outside world little appreciates
the cares, the arduous labors, the heavy ex-
pense of conducting a public journal. Recrea-
tion is often cut short. Recreation
the life of an editor must have or die. And a traveling
tour is always a benefit to his readers. On
home lines of travel he is often favored with
a pass, but his readers as well as himself
soon tire of these monotonous routes and
notes. He needs, for their sakes as well as
for his own, to get abroad into the outside
world, and refresh his over-drawn mental
powers. But aside from the stimulus given
to your local paper, you will be abundantly
paid by hearing the lecture. We guarantee
you a sparkling, attractive, intellectual treat.

Young Men's Society.
This society has for its main object the
founding of a public library—also the em-
ployment of lecturers, and the holding of
meetings for discussion and debate. A tri-
fling sum from many persons will secure the
accomplishment of the above beneficent
aims. Let us each and every one do our part.
Call on D. B. Greene, Corresponding Sec-
retary, or F. Bogardus, Treasurer, and leave
your name and money. Such a Society, prop-
erly conducted, will inspire many a young
man, many a young woman, with exalted
purposes, and thus prove a grand blessing to
society.

Dangerous.
A boy was killed at Jackson yesterday by
jumping on and off a passing train. It is
dangerous business. It is constantly being
done at our depot. Mr. Wheeler has called
our attention to it. Boys of a more reckless
character frequent our depot, pilfering and
doing other mischief, besides endangering
their own lives. Mr. W. has concluded to
enforce the city ordinance. Good.

Found Guilty.
Several boys were tried before Mr. Yost,
Justice over the river, for stealing, and two
of them, a son of Mr. Carl and a son of Mr.
O'Neil, found guilty. They are now in the

**Healing of the Sick by the Laying on of
Hands.**

Dr. D. A. PRASE, Jr., will remain at the
Hawkins House for the treatment of patients
until June 30th. Persons out of health will
do well to give him a call.

During his short stay here, he has per-
formed some remarkable cures, among which
are the following:

Mrs. A. W. Munroe, Ypsilanti, Mich. Neu-
ralgia and Deafness of many years standing.
Cured by one operation.

Mrs. Daniel Masters, Paint Creek, Washe-
naw Co. Mich., Paralysis of right side; for
four years unable to dress without assistance;
after first operation could use arm and hand
well, and can now dress without help.

Mr. Wm. Nettleton, Saline, Mich., Lame
Shoulder caused by sprain; unable to use
right arm without great pain; now has per-
fect use of arm and hand, and is doing heavy
work.

Cushman.

The following is a fair sample of the no-
tices given of Mr. Cushman by the Press and
individuals wherever he has been. He sings
here tonight at Hewitt Hall. Tickets 25 cts.,
reserved seats, 50 cts.

BIRMINGHAM, Sept. 13, 1865.
HON. JOHN G. CRAWFORD—Dear Sir: I know
I am offering a great favor on you and the
good people of Holly, in asking you to have
them to turn out to hear Cushman. He has
given us two concerts here, and I never knew
a case where everybody felt that they had got
their money worth more completely than in
going to hear him. Yours truly,

R. E. TROWBRIDGE,
Member of Congress 6th District Mich.

Our citizens will be glad to learn that Le
Grand B. Cushman, so well remembered by
those who were fortunate enough to hear him
last fall, is to give one of his inimitable and
unexceptional entertainments at Union Hall,
on Monday evening next, assisted by the tal-
ented and gentlemanly organist, Prof. Burke.
It is sufficient to say of Mr. Cushman that he
does not hesitate to visit the same locality a
second or even a third time, each occasion be-
ing invariably attended with increased success.
We can assure our readers that they will be
both amused and instructed by attending—
Jackson Citizen, March 5, 1866.

The Flower Queen.

Or Coronation of the Rose, was presented
on Wednesday and Thursday evenings, under
the direction of Prof. Foote. The stage was
adorned with a befitting forest. The flowers,
twenty in number, meet in this forest
dell to choose their Queen. The Rose is chosen
and crowned. A Recluse, Prof. Foote,
who has sought happiness in this retired spot,
learns by the scene lessons of duty, and re-
turns to activity and usefulness. Miss Anna
Foote acted well the Queen, and all the girls
did admirably. A large troop of little girls
developed the easy receptivity of early youth
by the readiness with which they sung and
acted their parts. The twilight scene, enlivened
by a bevy of little girls, hopping in a
circle, and Cupid, represented gracefully by
Master Willy Post, on the alert with bent bow
to send his arrow at some fair one, drew the
loudest applause. Mr. I. C. V. Wheat, Pi-
anist, discoursed excellent music.

A Novelty.
We have seen a copy of the "Norristown
HERALD," published in 1804—62 years ago
—in the possession of E. C. Hawkins. Mr.
H. has forwarded the copy to President Ha-
ven, giving him an opportunity to use it in
his proposed lecture to our citizens on the
19th inst.

Fire.
Edwards and Coopers' kiln took fire
Thursday afternoon, destroying several
thousand feet of valuable lumber and
very much retarding their building op-
erations. A part of the lumber was
saved.

PRESIDENT Haven at Hewitt Hall,
Tuesday evening June 19th. Subject,
"The Newspaper Press."

CURRENT EVENTS.

The Fenian invasion has proved a
failure. Between the two grindstones
Canada and our Government, they have
gone under. Roberts has issued a hi-
falutin address. The leaders are de-
termined not to give up. Congress
seems determined that in connection
with its suppression of the Fenians the
Government shall demand full indem-
nity from England for her invasion of
neutrality during the late war. Now is
the proper time to press our claims.
Gen. Meade tendered to the Fenians
transportation home. Gen. Roberts
still holds out and refuses bail. He is
in jail. It is reported that there are
about 10,000 Fenians in Mich. "My
Policy" works badly in North Carolina.
We met several soldiers of the
28th Mich. Infantry. They unanimously
agreed in the statement that a deep
and bitter spirit exists. The life of a
Union man is not safe. Officers and
men are being assassinated. At the
close of the war the rebels were very
humble. Johnson's policy which is very
popular among them has made them
rabit. The Constitutional Amend-
ments have passed the Senate, 33 to 11.
THE CONSTITUTIONAL AMENDMENTS
HAVE PASSED THE HOUSE, 120 TO 32.
EVERY REPUBLICAN VOTED FOR THEM.
We go before the country on a basis
that insures a most overwhelming vic-
tory. We shall carry every Free State,
have a larger majority in Congress
than at present. Sweep the board—
mark the prediction.

The following episode occurred when
the vote was being taken:
"Mr. Eldridge, in ridicule, announce-
d that if Mr. Brooks, of N. Y., and
Mr. Voorhees of Indiana, had not been
turned out of their seats, they would
have voted 'no.'"
To which Mr. Stevens added that if
Jeff Davis was here he would have vot-
ed the same way. [Laughter and ap-
plause.]

Mr. Wentworth added—So would
Jake Thompson.
We add—Every Democrat of the
North.

TO CONSUMPTIVES.
The advertiser, having been restored to health
in a few weeks by a very simple remedy, after
having suffered for years with a severe lung af-
fection and that dread disease consumption—
is anxious to make known to his fellow suffer-
ers the means of cure.
To all who desire it he will send a copy of
the prescription used, free of charge, with di-
rections for preparing and using the same,
which they will find a sure cure for Consump-
tion, Asthma, Bronchitis, Coughs, colds and all
throat and lung affections. The only object of
the advertiser in sending the prescription is to
benefit the afflicted and spread information
which he conceives to be invaluable, and he
hopes every sufferer will try his remedy, as it
will cost them nothing, and may prove a bless-
ing.
Parties wishing the prescription free by re-
turn mail, will address

**CHOLERA, DIARRHÆA, AND DYS-
ENTERY!**
A cure is warranted by Dr. Tobias' celebra-
ted VENETIAN LIMENT, if used when
first taken by persons of temperate habits.
This medicine has been known in the United
States over 20 years. Thousands have used
it, and found it never failed to cure any com-
plaint for which it was recommended, and all
those who first tried it, are now never without
it. In the Cholera of 1848 Dr. Tobias attend-
ed 40 cases and lost 4, being called in too late
to do any good.
DIRECTIONS.—Take a teaspoonful in a
wine glass of water every half hour for two
hours, and rub the abdomen and extremities
well with the Liment. To allay the thirst,
take a lump of ice in the mouth, about the size
of a marble every ten minutes. It is warrant-
ed perfectly innocent to take internally.
Sold by all druggists, price 40 and 80 cents.
Depot, 56 Courtlandt St., New York.

REDUCTION IN PRICE.
On the AMERICAN WATCHES, made at
Waltham, Massachusetts. In consequence of
the recent great decline in gold and silver, and
all the materials used in the manufacture of
our goods, and in anticipation of a still further
decline, we have reduced our prices to as low
a point as they can be placed with gold at par,
so that no one need hesitate to buy a watch now
with the expectation that they will be cheaper
at some future time. The test of two years &
the manufacture and sale of more than 200,
000 Watches, have given our productions the
very highest rank among timekeepers. Com-
mencing with the determination to make only
thoroughly excellent watches, our business has
steadily increased as the public became acquaint-
ed with their merits, until for months together
we have been unable to supply the demand.
We have repeatedly enlarged our factory build-
ings until they now cover over three acres of
ground, and give accommodation to more than
eight hundred workmen.
We are fully justified in stating that we now
make more than one-half of all the watches
sold in the United States. The different grades
are distinguished by the following trade marks
engraved on the plate:
1. "American Watch Company," Waltham,
Mass.
2. "Appleton, Tracy & Co.," Waltham, Mass.
3. "P. S. Bartlett," Waltham, Mass.
4. "Wm. Elbery."
5. Our Ladies' Watch of first quality, is
named "Appleton, Tracy & Co. Waltham, Mass."
6. Our next quality Ladies' watch is named
"P. S. Bartlett," Waltham, Mass.
These watches are furnished in a great va-
riety of sizes and styles of cases. Without dis-
tinction of marks or prices, ALL the produc-
tions of their factory are fully warranted to be
the best timekeepers ever made in this or any
other country. Buyers should remember, that
unlike the guarantee of a foreign maker, who
can never be reached, this company is always
responsible.
CAUTION.—The public are cautioned to buy
only of respectable dealers. All counterfeiters
will be prosecuted.

PILLS**
contains more vegetable extractive matter
than twenty boxes of any pills in the world
besides; fifty-five hundred physicians use
them in their practice to the exclusion of other
purgatives. The first letter of their value
is yet scarcely appreciated. When they are
better known sudden death and continued

duty which will save life.

Our race are subject to a redundancy of
vitiated bile at this season, and it is as dan-
gerous as it is prevalent; but Brandreth's
Pills afford an invaluable and efficient pro-
tection. By their occasional use we prevent
the collection of those impurities which, when
in sufficient quantities, cause so much danger
to the body's health. They soon cure Liver
Complaint, Dyspepsia, Loss of Appetite, Pain
in the Head, Heartburn, Pain in the Breast,
Sudden Faintness and Costiveness. Sold
